

Intruder

Intruder features an excellent set that produces a high percentage of large size fruit that are firm and smooth. This green bell pepper hybrid is a mid-season maturing pepper and grows on a medium size plant. It is well-adapted for the bell pepper growing regions in the eastern United States. Intruder features a strong disease package that includes high resistance to tobacco etch, mosaic, and bacterial spot races 1-3. It also has intermediate resistance to Phytophthora root rot.

TRIAL DATA*

Approx. Maturity	Late
Plant Characteristics	Vigorous, Tall
Fruit Characteristics	Large fruits, thick walled
Fruit Color	Red
Approx. Size at Trial	Extra large
Disease Resistance	HR: TEV / TMV / Xcv: 1-3 IR: Pc
